Re: Request for exception to the Nevada exam application fees

Dear Nevada Acupuncture Board Members,

I write to you today to ask for your understanding of my situation and to request for an exception to the exam application fee policy.

I have an application on file with you and have already paid all fees. I anticipated taking the December 2017 exam. However, due to an unforeseen and urgent family emergency with my mom being very ill, I am unable to take the practical exam as scheduled. I would like to take the exam next year in December 2018, but I understand that I would have to pay the application fee of \$1,000 again. At the moment, this is very difficult for me. Due to my situation, I cannot afford to pay this fee again. With the stress of student loan expenses, medical expenses for my mom, and all the emotional distress from everything that is going on, I am not sure how I can find a way to get the money for this. Thus, I would like to kindly ask for your help to waive the application fee so that I can take the exam again when I re-apply next year.

For some background, I am a recent graduate and have just moved to Nevada to start a new career. I wanted to be an acupuncturist in Nevada and was looking forward to taking the Nevada exam. Although I have a California license, I understand that in order to take your state exam, I have to first take the Nationals. But, again, because of my current family situation, I had to focus on taking care of my mom and finding ways to pay for medical and financial living cost. As such, I didn't have the time to study nor was I able to mentally focus. Therefore, I was not able to take the National exam by the deadline. Hence, without a license, I am unable to find a suitable job that can support my family. This financial burden has been very stressful. I don't think I can afford to pay another \$1,000 for the application fee again.

In summary, if by chance there is some way, I would very much appreciate it if you can make an exception for my circumstances and help to waive this fee.

Thank you again for your time and consideration.

Sincerely,

Annie La

BIO: [Robin Ray Green](#) , licensed acupuncturist and herbalist and a leading expert in the field of pediatric acupuncture. She holds a Master's in Traditional Chinese Medicine from the prestigious Five Branches University in Santa Cruz, California. Robin has over ten years clinical experience helping children with asthma, allergies and eczema heal using Chinese medicine.

An up-and-coming Hay House author, Robin's book, *Heal Your Child from the Inside Out: The 5-Element Way to Nurturing Healthy, Happy Kids*, will be in bookstores October 18, 2016. Her popular kid's health blog, now at [robinraygreen.com](#), has over 1 million visitors annually and she runs a directory to connect parents to pediatric acupuncture specialists at [www.kidsloveacupuncture.com](#). Robin founded the [Center for Advanced Acupuncture Pediatrics](#), which provides premier pediatric acupuncture training worldwide.

Pediatric Essentials gives you the practical training you need to learn how to easily and effectively treat kids. It's the training we should have had in school, but didn't!

This course teaches you how to work with kids and parents, gives you guidelines for basic needle and non-needle techniques, and helps deepen your understanding of holistic nutrition for modern kids.

It also covers the most common conditions kids come in for: chronic low immunity, asthma, allergies, eczema, skin rashes, ear infections, cough and digestive issues.

Approved for 15 CEUS/PDAs in California, Texas and NCCAOM
