Dear Sanghyun Lee:

This letter verifies that Wongu University of Oriental Medicine has authority to operation as a licensed private postsecondary institution in the State of Nevada. The institutions license expired on November 30, 2022 but remains in effect until CPE completes the renewal process.

Our records indicate the renewal for license was submitted for consideration on November 19, 2022. CPE reviews applications in the order received and will update the license once the review process and any required corrections have been completed.
