Hello,

The externship I mentioned is about as below.

Sometimes we have a chance to do outreach to other places not in the school.

Usually some interns want to join the outreach, then Is it possible to give some intern time for them?

In this case, the students will be treating people in that place.

At that time one of our supervisors or faculty or I will be supervising them.

And, sometimes the outreach place will be out of state or out of the US.

Happy Holidays. Thank you.
