

OREGON COLLEGE *of* ORIENTAL MEDICINE

Course Number and Title: IM654 Integrative Case Management IV (OB/GYN)

Department and Department Chair: Integrative Medicine, Heidi Clark LAc

Credits and Hours: 1 credit and 12 hours

Term: Fall

Class Time and Location:

- Section 1 Mondays 4:00 pm – 4:50 pm
- Section 2 Tuesdays 4:00 pm – 4:50 pm

Faculty: Lorinda Sorensen ND, MSAc, LAc

Office hours: by appointment

Contact Information: lorinda.sorensen@ocom.edu

Teaching Assistant(s): TBA

Course Description: This course will enhance your understanding of and ability to manage patient cases through evidence-informed decision-making and coordination with other medical providers. Using a combination of lecture, demonstration, and case-based web learning, this course will: 1) develop student competency in determining whether integrative care is indicated for a patient, 2) define medically necessary interventions and clarify medical record-keeping guidelines for complex cases, 3) enhance student ability to understand clinical lab data, radiographic and diagnostic study reports and integrate this information into treatment plans, and 4) familiarize students with common integrative treatment modalities, procedures and treatment plans to improve their care of patients with many common obstetric (OB) and gynecological (GYN) conditions.

Prerequisites: Concurrent enrollment in Integrated Western Medicine IV (OB/GYN).

MAc, MACM, DACM Program Learning Outcomes:

1. Practice Chinese medicine safely and effectively in a clinical setting
2. Apply biomedical knowledge to better evaluate and manage their patients' conditions (MAc, MACM); Integrate biomedical information to better evaluate and manage their patients' conditions (DACM)

3. Recognize situations requiring referral or emergency interventions and respond appropriately (MAc, MACM); Analyze situations requiring referral or emergency interventions and respond appropriately (DACM)
4. Communicate and collaborate effectively with other healthcare providers and appreciate additional approaches to patient care and treatment
5. Communicate effectively with patients
6. Apply the principles of evidence informed practice to patient care using information from a variety of sources, including texts, research data, continuing education seminars, journals, professional consultations and other medical information sources (MAc, MACM); Integrate the principles of evidence informed practice into original written work and into patient care using information from a variety of sources, including texts, research data, continuing education seminars, journals, professional consultations and other medical information sources (DACM)
7. Demonstrate the necessary skills to establish, manage and grow a private practice
8. Understand the importance of lifelong learning, including developing their awareness of qi in themselves, both professionally and personally, and their patients (MAc, MACM); Understand the importance of lifelong learning, including:
 - a. Appraising areas of professional weakness and formulating plans for their remediation.
 - b. Investigating a variety of resources for ongoing professional development.
 - c. Using available professional development resources to respond to changes in the local, state, regional, and national health care environment.
 - d. Developing their awareness of qi in themselves, both professionally and personally, and their patients. (DACM)

Course Learning Outcomes: Upon completing this course, students will be able to:
[Numbers in brackets indicate the program learning outcome(s) each course learning outcome supports]

1. Evaluate patient history and clinical evidence to rule in/out conditions and facilitate referral and/or collaboration with other providers. [1, 2, 3, 5, 7]
2. Integrate clinical lab data and diagnostic study reports (including X-ray, U/S, CT, and MRI) with patient presentation and physical exam to determine the best treatment and monitoring plan for patients with common obstetric or gynecological conditions. [2, 3, 4, 5]
3. Coordinate the treatment of common obstetric or gynecological conditions with other providers, including: urgent and emergent situations, referrals, and chronic conditions. [2, 3, 4, 6]

4. Employ principles of evidence informed practice for managing chronic obstetric or gynecological conditions as well as cases involving urgent and emergent situations and referrals. [2, 3, 4, 6]

Course Requirements: class participation, passing exams

Definitions of credits:

Didactic courses: 12 classroom hours + 24 hours of outside study = 1 credit

Therefore, for this course you are in class 1 hour per week and expected to do 2 hours of outside study.

Methods of Instruction: Lecture, case-based learning, demonstration, and practical application.

Evaluation and Grading: Grading is based on class participation, homework assignments and homework comments. The complete grade is determined as follows:

Class Participation	35%
Homework Assignments	50%
Homework Comments	15%

The homework will be extensions of the cases used in the corresponding Integrated Western Medicine classes with an emphasis on clinical laboratory tests and diagnostic imaging. The homework assignments require a write up from that week's case to be posted to Populi. In addition, every student must provide thoughtful comments on at least three posts from other students.

Attendance policy: In a professional medical program such as OCOM's, attendance is essential for acquiring knowledge and skills needed for safe and effective practice. As such, students are expected to attend all their classes and clinic shifts.

Faculty have the discretion to assign students who miss more than 25% of class or clinic time a failing grade for the course ("F") or an incomplete ("I"). This applies even in cases of illness or family emergencies. Requests for individual exceptions will require a petition accompanied by appropriate documentation.

The nature and level of required documentation will be determined by the faculty member and/or by the appropriate Dean for each individual petition. Students who fail a course because of excessive absences will need to re-take the class the next time it is offered. In certain circumstances, this may require adding an additional year to the program of study.

Faculty may require students who miss instructional time, either due to absenteeism or tardiness, to do additional work. This may involve additional projects, examinations, meeting with tutors, teaching assistants, or the faculty themselves. Students are responsible for any additional costs associated with these requirements.

Americans with Disabilities Act (ADA) Services and ADA Accommodations:

Oregon College of Oriental Medicine will provide reasonable accommodations for students with known disabilities in accordance with the definitions provided by the Americans with Disabilities Act, Section 504 of the 1973 Rehabilitation Act. Individuals with disabilities must formally request accommodation under the ADA in order for OCOM to provide reasonable accommodations. Students shall make their request to the Student Services Manager, who will verify the disability and collaborate with the student in identifying reasonable accommodations and ways to implement these accommodations. Please see the current Student Handbook for more information.

Professionalism Statement: *As OCOM faculty, we commit to modeling professionalism in the classroom, in the clinic, and in the larger community. We ask that OCOM students (training to be health care practitioners) also demonstrate professionalism in these same domains.*

As classroom and clinic instructors, we will:

- *Come to class and clinic prepared to teach.*
- *Share our knowledge freely.*
- *Start and end class, class breaks, and clinic shifts on time.*
- *Treat all students with impartiality, courtesy and respect.*
- *Provide fair, timely and thorough feedback on exams, assignments, and clinic performance.*
- *Be available and accessible to students to answer questions or discuss concerns; respond to student e-mails promptly.*
- *Strive to improve the quality of our classroom and clinic instruction and be receptive to constructive input from students.*
- *Ensure that opportunities to participate in class and clinic activities and benefit from faculty interaction are provided equitably to all students.*

As classroom and clinic instructors, we ask that students:

- *Come to class and clinic prepared to learn, receptive to information and experiences, and open to feedback.*
- *Remain attentive and engaged throughout each class period or clinic shift.*

- *Arrive to class and clinic shifts on time, return from class breaks on time, and remain to the end of the class or clinic shift.*
- *Submit assignments and paperwork on or before the due date or on a mutually agreed upon date with the faculty member.*
- *Maintain respectful interactions with instructors, teaching assistants, staff, fellow students, and patients.*
- *Provide constructive feedback to faculty on course evaluations and to peers as appropriate for class activities.*
- *Communicate with faculty about issues that are affecting classroom or clinic.*
- *Use electronics/technology in the classroom or clinic only for classroom or clinic related activities.*
- *Communicate with faculty beforehand (when an absence is anticipated) or - in the case of an unanticipated illness or emergency - by the end of the day if they are absent on the day of a scheduled quiz or exam.*
- *Complete any makeup exams or quizzes within one week of the scheduled quiz or exam date unless other arrangements are made with the instructor.*

Course Outline

WEEK	DATE	TOPIC	READING & ASSIGNMENTS
1	9/19 9/20	Class overview, PMS/PMDD case presentation	Presentation, Cases Readings posted to Lesson 1 on Populi
2	9/26 9/27	Amenorrhea case presentation	Presentation, Cases, Readings posted to Lesson 2 on Populi Assignment 1 due
3	10/3 10/4	Dysmenorrhea case presentation	Presentation, Cases, Readings posted to Lesson 3 on Populi Assignment 2 due
4	10/10 10/11	Genital urethral discharge case presentation	Presentation, Cases, Readings posted to Lesson 4 on Populi

			Assignment 3 due
5	10/17 10/18	Pelvic pain/bleeding case presentation Menopause	Presentation, Cases, Readings posted to Lesson 5 on Populi Assignment 4 due
6	10/24 10/25	OB case presentation 1 Contraception and Pre-Pregnancy	Presentation, Cases, Readings posted to Lesson 6 on Populi Assignment 5 due
7	10/31 11/1	OB case presentation 2	Presentation, Cases, Readings posted to Lesson 7 on Populi Assignment 6 due
8	11/7 11/8	UG case Common Conditions of Pregnancy	Presentation, Cases, Readings posted to Lesson 8 on Populi Assignment 7 due
9	11/14 11/15	UG case	Presentation, Cases, Readings posted to Lesson 9 on Populi Assignment 8 due
10	11/21 11/22	Testes/prostate	Presentation, Cases, Readings posted to Lesson 10 on Populi Assignment 9 due
11	11/28 11/29	Testes/prostate	Presentation, Cases, Readings posted to Lesson 11 on Populi
12	12/5 12/6	Review	Assignment 10 due
