Hi Krista,

Thank you for reaching out, since we don't offer CEUs for the program I don't have a set # to share with you for you to submit to the Nevada Board of Oriental Medicine but typically CEUs are 1/10 of an hour and the ADAPT Program is estimated at 150 hours total of program hours. That would be 15 CEUs. Hope that helps!

Yours in health,

Tracey O'Shea MSN, FNP-C, A-CFMP, IFMCP

Hello,

I am applying for CEU approval to the Nevada Board of Oriental Medicine for the ADAPT Practitioner Training.

I am wondering how many CEU's this training accounts for? I understand it is not approved by the NCCAOM, however our board will often approve courses outside of NCCAOM with a submission request.

Thanks,
Krista
