The goal of this higher level Chi Nei Tsang class is actually to get deeper, into the structural aspect of health issues. This course trains you to work with your clients who have manifested symptoms on all levels. Addressing the inner meanings of such symptoms in all their aspects simultaneously, at the metabolic, emotional and structural levels, allowing a complete healing process to take place.

Course includes *a selection* of the following, according to the group and the instructor's current inspirations:

- Adjust the alignment of the spine, shoulders and pelvis relative to the internal organs
- The distinct personalities of each rib and vertebra!
- Prevent and correct the patterns of tensions which can bring on chronic conditions such as asthma, headaches, heart attacks, hiatal hernias and strokes
- Help the body get rid of gallstones and prevent recurrence
- Combine the visceral, structural and emotional aspects of a treatment
- Origins of cancer and other systemic diseases
- How the external structure is dependent of the internal structure of the viscera and metabolism
- How the internal structure of the viscera is dependent of the breath
- About breath as the bridge of communication between physical structure, metabolism and emotions
- The Winds concept
- How to approach traumas and sexual abuse victims
- Sunning Meditations
- Heaven & Earth QiGong
- Advanced work on the navel and fascia
- Looking for patterns, from function to meaning
- The pattern of anxiety and hiatal hernia
- The breath pattern that gives hammer toes
